

EMBO workshop *Shigella* : from biology to prevention

April 20-24, 2026 Institut Pasteur, Paris, France

Shigella causes bacillary dysentery, a major infectious disease. No licensed vaccine is available and antimicrobial-resistant infections are increasing at alarming rates. The aim of this meeting is to gather global experts to foster new insights in infection biology and novel therapeutic development

ORGANIZING COMMITTEE

Kate BAKER
University of Cambridge
Cambridge, UK

Christina FAHERTY
Uniformed Services University of
the Health Science
Bethesda, Maryland, USA

Benoit MARTEYN
University of Strasbourg-IBMC &
Institut Pasteur, Paris, France

Serge MOSTOWY
London School of Hygiene and
Tropical Medicine,
London, UK

Firdausi QADRI
icddr,b, Dhaka, Bangladesh

Omar ROSSI
GSK Vaccines Institute for Global
Health, Siena, Italy

SPEAKERS

Karen KOTLOFF
University of Maryland, Baltimore,
Maryland, USA

Philippe SANSONETTI
Institut Pasteur, Paris, France

Neal ALTO
University of Texas, Dallas, Texas, USA

Shushmita BHATTACHRYA
ICMR - National Institute for Research
in Bacterial Infections, Kolkata, India

Dani COHEN
Tel Aviv University, Tel Aviv, Israel

Jost ENNINGA
Institut Pasteur, Paris, France

Claire JENKINS
United Kingdom Health Security
Agency, London, UK

Jane JUMA
Centre for Vaccine Development,
Bamako, Mali

Melissa KAPULU
University of Oxford, Kenya Medical
Research Institute, Kilifi, Kenya

Cammie LESSER
Tufts University School of Medicine,
Boston, Massachusetts, USA

Charlotte ODENDALL
King's College, London, UK

Patricia PAVLINAC
University of Washington, Seattle,
Washington, USA

James PLATTS-MILLS
University of Virginia, Charlottesville,
Virginia, USA

Chad PORTER
Naval Medical Research Center, Silver Spring,
Maryland, USA

Andrea PUHAR
Queen's University, Belfast, N. Ireland

Felix RANDOW
University of Cambridge, Cambridge, UK

David RASKO
University of Maryland School of Dentistry
Baltimore, Maryland, USA

Claudia SALA
Fondazione Biotechnologico di Siena,
Siena, Italy

Michael SELLIN
Uppsala University, Uppsala, Sweden

Feng SHAO
National Institute of Biological Sciences,
Beijing, China

Duncan STEELE
Gates Foundation, Washington, USA

Christoph TANG
University of Oxford, Oxford, UK

Cecilia TORO
Universidad de Chile, Santiago, Chile

Russell VANCE
UC Berkeley, Berkeley, California, USA

Tintu VARGHESE
Christian Medical College,
Vellore, India
